

BESHOY EMAD

FRONT-END DEVELOPER

Cairo, Egypt | beshoyemadabdu@gmail.com | 01005862987 | [LinkedIn account](#) | [Portfolio](#) | [GitHub account](#)

PROFESSIONAL SUMMARY

Front-End Developer and Computer Science & Statistics student with hands-on experience building responsive and database-driven web applications using HTML5, CSS3, JavaScript, Bootstrap, Flask, SQL, and Git. Completed a 120-hour NTI Web Development training and developed multiple academic and personal projects including transportation management and e-commerce systems. Passionate about creating user-friendly web applications and seeking a Front-End Developer internship where I can contribute while expanding my software engineering skills.

EDUCATION

B.Sc. in Computer Science & Statistics | Faculty of Science, Sohag University | Oct 2024 - Present

Relevant Coursework: Data Structures, OOP, Algorithms, SQL Databases, Probability & Statistics

TECHNICAL SKILLS & Tools

Programming Languages: JavaScript (ES6), Python, C++

Front-End: HTML5, CSS3, Bootstrap, Responsive Design, DOM Manipulation, Flexbox, CSS Grid, JSON

Back-End: Flask, Authentication

Database: SQL, MySQL, Database Design, ER Diagrams (ERD)

Tools: Git, GitHub, VS Code, Chrome DevTools

Data Analysis: Microsoft Excel, Data Cleaning, Data Manipulation

INTERNSHIP EXPERIENCE

Web Development Trainee | National Telecommunication Institute (NTI)

Jan 2026 - Mar 2026

- Successfully completed an intensive 120-hour Front-End Development training program.
- Developed multiple responsive web pages using HTML5, CSS3, Bootstrap, and JavaScript.
- Built reusable UI components and optimized layouts for desktop, tablet, and mobile devices.
- Applied modern web development practices while completing practical projects.
- Strengthened teamwork, client communication, proposal writing, and freelancing fundamentals.

PROJECTS

BM Travel – Database-Driven Transportation Management System

- Developed a transportation management web application supporting Admins, Drivers, and Customers.
- Designed and implemented 14+ responsive pages using HTML5, CSS3, Bootstrap, and JavaScript.
- Designed a relational SQL database with ER diagrams to manage vehicles, trips, customers, drivers, admins, payment, bookings, fuel consumption, and maintenance.
- Integrated the application with Flask and SQL databases to provide secure authentication and dynamic data management.
- Implemented booking workflows, seat selection, trip scheduling, and automated PDF ticket generation.

Coffee Hunter – E-Commerce Front-End Website

- Developed a fully responsive multi-page e-commerce website for a coffee shop.
- Designed modern product pages, authentication interfaces, and interactive navigation.
- Implemented JavaScript-based login and registration functionality.
- Optimized the website for mobile and desktop responsiveness.
- **Live Demo:** <https://beshoy-emad.github.io/Coffee/>

Personal Portfolio Website

- Designed and deployed a personal portfolio website showcasing projects and technical skills.
- Developed interactive UI components using JavaScript animations and particle effects.
- Built responsive layouts with CSS animations and optimized user experience across multiple screen sizes.
- Implemented a validated contact form and organized project showcase sections.
- **Live Demo:** <https://beshoy-emad.github.io/Portfolio/>

CERTIFICATIONS

- | | |
|--|-----------------|
| • Web Development Trainee Certificate – National Telecommunication Institute (NTI) | MAR 2026 |
| • Data Analysis Training Program – Masaar Team, Faculty of Science, Sohag University | Apr 2026 |
| • Python Programming Basics — Information Technology Institute (ITI) via Mahara-Tech | May 2025 |
